

About the Author

Hani Rizk Abdu is a doctor of pharmacy in his native Egypt. When he began his religious studies it seemed only natural to apply the scientific methods he had learned during his formal education. It was thus that Dr. Abdu discovered the true *Christian psychology* of which he writes.

Dr. Abdu lives in Cairo, Egypt, with his wife, who is a physician, and their three children. He is the author of several books published in the Arabic language, as well as *The True Christian Science*, also published by Exposition Press.
